Granville (Edmonton), Edmonton, AB

What a NICE house in Granville! Located at the back of a quiet cup-de-sac, this gorgeous 2 story house is finished to the nines and stunning to behold. Big bright spaces, an open kitchen with walk through pantry, and a magnificent backyard. The basement is fully developed with a large rec room, 2 bedrooms, and washer/dryer & fridge. Upstairs you'll find 3 bedrooms and a cozy bonus room, a massive laundry room, and a gorgeous ensuite bathroom that you'll love every day. The 2 upstairs bedrooms have been opened up, creating a larger room that is currently used as a work-from-home space. It can easily be closed up if the next owners so desire. The home has a 8.91Kw solar power system that's less than 2 years old, it's plenty for most uses and any extra power can be sold back to the grid. There is a side entrance that can be used to separate the basement from the rest of the house if you so choose in the future. There's so much to this house, it's a real treat and a home that you're sure to love.
